
Online safety

It's
about
behaviour
not
technology

What we can do

What can I do right now?

- ☐ Open dialogue with your child
- ☐ Family agreement
- ☐ Consider filtering and blocking software
- ☐ Think before you/they post
- ☐ Understand the laws
- ☐ Privacy settings and reporting
- ☐ Save the evidence and report the incident
- ☐ Age ratings on apps and games
- ☐ Protect their personal information

Sign up to the
UK Safer
Internet Centre
newsletter at:

saferinternet.org.uk

Parental controls:

- On device
- Broadband provider
- Search engine
- Disabling choices in Apps

Blocking and reporting:

- Know how to block and report other users who are behaving inappropriately

Monitoring

- Monitoring what your child likes to do online:
- Ask them to show you what they do.
- Play some online games.
- Ask them to teach you.

Setting appropriate time limits.

Being a positive role model

Celebrating positive uses

**internet
matters.org**

Talk to your child about:

- how to stay safe
- the importance of staying safe.
- choices and their consequences.
- what personal information is and how to keep it private.

NSPCC

**common
sense**

**UK Safer
Internet
Centre**

NSPCC - TEAM

The NSPCC suggests parents and carers are an essential part of the T.E.A.M that helps keep children safe online:

T = Talk about staying safe online

E = Explore their online world together

A = Agree rules about what is ok and what's not

M = Manage your family's settings and controls

<https://www.nspcc.org.uk/preventing-abuse/keeping-children-safe/share-aware/>

Family Agreement

Examples

Suggested ideas for an agreement with younger children.

We agree to...	Who is responsible for this?
<i>I will use my tablet for _____ mins a day</i>	<i>Isabel and Phoebe</i>
<i>We will make sure the children's favourite games are bookmarked for them to get to easily</i>	<i>Mum and dad</i>

Suggested ideas for an agreement with pre-teen children.

We agree to...	Who is responsible for this?
<i>I will tell mum and dad when I see something that worries me</i>	<i>Jack and Tom</i>
<i>We will put parental controls in place but review it as the children grow up</i>	<i>Mum and dad</i>

Simplified version of Instagram Terms and Conditions

Officially you own any original pictures and videos you post, but we are allowed to use them, and we can let others use them as well, anywhere around the world. Other people might pay us to use them and **we will not pay you for that.**

we may keep, use and share your personal information with companies connected with Instagram. This information includes your name, email address, school, where you live, pictures, phone number, your likes and dislikes, where you go, who your friends are, how often you use Instagram, **and any other personal information we find** such as your birthday or who you are chatting with, **including in private messages** (DMs).

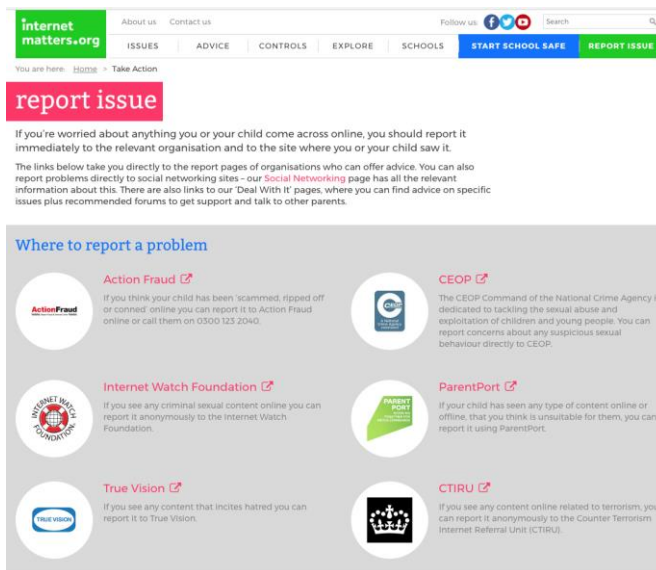

We might send you adverts connected to your interests which we are monitoring. **You cannot stop us doing this and it will not always be obvious that it is an advert.**

We can also delete posts and other content randomly, without telling you, for any reason. If we do this, we will not be responsible for paying out any money and **you won't have any right to complain.**

Blocking and Reporting

Internal and external to the app, game, website.

FB: Reporting an underage child

Report an Underage Child

If you believe there is a child under the age of 13 using Facebook, please use this form to file a report.

Please provide a link to the profile you're trying to report so we can investigate. Some people have the same name, so a link to the profile helps us to be sure we found the right person. To get a link to the profile you want to report, first go to the profile, then copy the URL from your browser's address bar:

A screenshot of a web browser's address bar. It shows navigation buttons (back, forward, refresh) on the left, a green padlock icon, and the URL "https://www.facebook.com/example" in the center. Below the address bar is a blue search bar with the Facebook 'f' logo and the text "Search for people, places and things".

URL of the timeline you'd like to report

This will help us take action on your report

Full name of the person you'd like to report

Actual age of the child

Other

Your contact email address

If you're reporting a child's account registered under a false date of birth, and the child's age is reasonably verifiable as under 13, we will promptly delete the account. You will not receive confirmation of this action, but you should no longer be able to view this child's timeline on the site. Our ability to review and take appropriate action on a report significantly improves with the completeness of the report (ex: URL of the timeline).

Zipit App: Inappropriate messaging

The screenshot shows the Childline website interface. At the top, there's a blue header with the Childline logo, contact information (Call 0800 1111), and navigation links like 'About us', 'Your locker', 'Sign in', and 'Sign up'. Below the header, there's a navigation bar with links: 'Info and advice', 'Get support', 'Toolbox', and 'Get involved'. The main content area has a green background. On the left, there's a purple box titled 'ZIPIT APP' with a description: 'The app that helps you get flirty chat back on track. Zipit has been completely redesigned with you in mind. It's now easier (and more fun!) than ever to take control of your chat game.' Below this, there's a section 'On this page' with links: 'Download Zipit', 'Will I be charged to send Zipit images in a message?', and 'I can't download Zipit or it doesn't work on my phone'. To the right of the purple box is a large white 'ZIPIT' logo. Below the green section, there's a white section titled 'WHAT DOES ZIPIT DO?'. It contains text explaining the app's purpose: 'If someone's trying to get you to send them naked images of yourself, use the fully updated Zipit app to keep the situation under control.' and 'Zipit helps you to respond to unwanted chat with the power of GIFs. We've made our own and also chosen a selection of top ones from GIPHY.' It also mentions that the app was created with the help of a dedicated crew of young people and revised our flirting guide. To the right of this text is a purple box titled 'What you can do with Zipit:' containing a list of features: 'save GIFs and images onto your device and share with friends', 'share GIFs and images on Facebook, Twitter or WhatsApp', 'share GIFs on apps like Instagram and Snapchat', 'get advice to help you flirt without failing', and 'call Childline, or save the number to your phone.' At the bottom of the page, there's a purple bar with the text 'DOWNLOAD ZIPIT'.

ZIPIT APP

The app that helps you get flirty chat back on track. Zipit has been completely redesigned with you in mind. It's now easier (and more fun!) than ever to take control of your chat game.

On this page

- Download Zipit
- Will I be charged to send Zipit images in a message?
- I can't download Zipit or it doesn't work on my phone

ZIPIT

WHAT DOES ZIPIT DO?

If someone's trying to get you to send them naked images of yourself, use the fully updated Zipit app to keep the situation under control.

Zipit helps you to respond to unwanted chat with the power of GIFs. We've made our own and also chosen a selection of top ones from GIPHY.

We've created new content with the help of a dedicated crew of young people and revised our flirting guide with helpful tips on how to navigate intimate chats.

What you can do with Zipit:

- save GIFs and images onto your device and share with friends
- share GIFs and images on Facebook, Twitter or WhatsApp
- share GIFs on apps like Instagram and Snapchat
- get advice to help you flirt without failing
- call Childline, or save the number to your phone.

Parental control: Mobile network

- O₂
- Vodafone
- Virgin
- EE
- 3
- Tesco mobile
- Talk Talk

PopJam: Under 13 social media

Parental controls: Internet Provider

The screenshot shows the UK Safer Internet Centre website. The header includes the UK Safer Internet Centre logo and navigation links: About, Safer Internet Day, Blog, Events, Research, Get Involved, and Translators. A secondary navigation bar lists Advice Centre, Hotline, Helpline, and Pupil powered e-safety. The breadcrumb trail reads: Home > Advice Centre > Parents and Carers > Parental controls offered by your home internet provider.

Parental controls offered by your home internet provider

How to set up filters on your home internet to help prevent age inappropriate content being accessed on devices in your home.

The 4 big internet providers in the UK – BT, Sky, TalkTalk and Virgin Media – provide their customers with free parental controls which can be activated at any time. They have come together to produce these helpful video guides to help you to download and set-up the controls offered by your provider.

How to set up the parental controls offered by BT

How to set up the parental controls offered by Sky

How to set up the parental controls offered by TalkTalk

How to set up the parental controls offered by Virgin Media

Parental controls: Search engines, online content, gaming.

- Search engines
- Online content(TV,videos, music)
- Gaming consoles

The screenshot shows the Internet Matters website with a green header. The main content area is titled "entertainment & search engines" in a pink box. Below this, there are three circular statistics: 50% of boys aged 13-16 play games with other people on the internet, 31% of girls aged 9-12 have watched video clips online, and 53% of children aged 11-16 use the Internet watch video clips daily. A blue box on the right says "Build your own parental controls guide" with a "VISIT GUIDE" button. Below the statistics, there are three sections: "Parental control setup guides for search engines" with links to Google, YouTube, and Bing; "Parental control information for online content" with links to Google Play, Netflix, iTunes, BBC iPlayer, and 4oD; and "Parental control setup guides for online gaming consoles" with links to Nintendo Switch, Xbox One, Xbox 360, PS3, and PS4.

You are here: [Home](#) > [Controls](#) > [Entertainment](#)

entertainment & search engines

The media and entertainment industry has seen a huge transformation as it becomes digitised, with most entertainment content such as films, TV programmes, and games now being accessed over the internet. This means children are able to watch content wherever and whenever they're online.

50% of boys aged 13-16 play games with other people on the internet¹

31% of girls aged 9-12 have watched video clips online¹

53% of children aged 11-16 who use the Internet watch video clips daily¹

It's important to keep ahead of what risks **inappropriate content** might pose for your child so you can chat to them about the **issues** and take the correct preventative measures.

But it's also important to think about setting the right parental controls in the places where your child is accessing online content, as it will help prevent them stumbling upon something they shouldn't.

Here are the relevant links to step-by-step parental controls instructions for the major entertainment services & search engines.

YouTube: Restricted Mode

You must turn it on on each browser

- Sign into youtube, (If you don't have an account create one).
- Settings > Scroll down> Click on Restricted Mode>Select On >Save

You can save this setting so no one can change it.

A screenshot of the YouTube Restricted Mode settings page. At the top, there's a navigation bar with the YouTube logo, a language dropdown set to 'English (UK)', a content location dropdown set to 'United Kingdom', a 'Restricted Mode: Off' button, and links for 'History' and 'Help'. Below this, the 'Restricted Mode' section is titled. It contains two bullet points: 'Restricted Mode hides videos that may contain inappropriate content that is flagged by users and other signals. No filter is 100% accurate, but it should help you avoid most inappropriate content.' and 'Your Restricted Mode setting will apply to this browser only.' Below the text, there are two radio buttons: 'On' (which is selected) and 'Off'. Underneath the radio buttons is a link that says 'Lock Restricted Mode on this browser'. Below the link is a short paragraph: 'Restricted Mode lock prevents others from changing the Restricted Mode settings on this browser.' At the bottom left of the settings area is a 'Save' button.

YouTube

Language: English (UK) Content location: United Kingdom Restricted Mode: Off History Help

Restricted Mode

- Restricted Mode hides videos that may contain inappropriate content that is flagged by users and other signals. No filter is 100% accurate, but it should help you avoid most inappropriate content.
- Your Restricted Mode setting will apply to this browser only.

☒ On ☐ Off

Setting time limits: Avoiding addiction

- Establish time limits and tech free zones
- Choose quality apps, games, movies that are age appropriate.
- Balance activities: Tech time and other activities
- Watch and play together. Find out what your child likes to do in the digital world.
- Be a good role model: Use media the way you would your children to use.

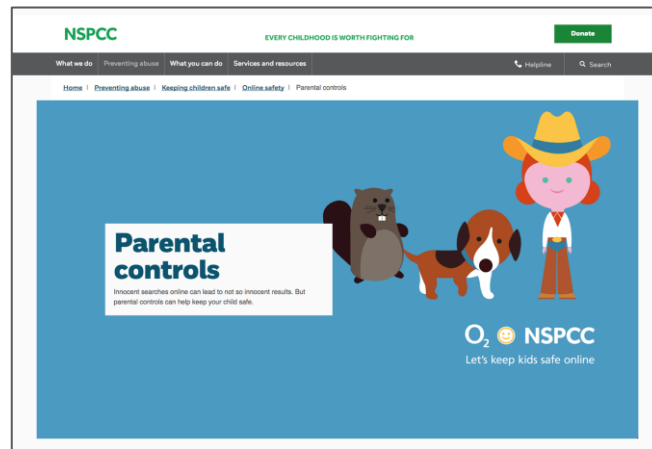

Family agreement

Parental controls:

- On device
 - Disabling location services
 - In app purchasing
 - Content
- Internet provider
- Mobile network provider
- Search engine, games, online content

Parental control: On Device & Computers

- Turn off
 - in app purchases
 - location services
 - Share my location
- Restrict content
- Password protect the changes
- Only download age appropriate apps and games

Engaging Parents/community

The screenshot shows the homepage of the 'THINK YOU KNOW' website. At the top, there is a navigation bar with links: Home, Get Advice, Concerned about your child?, How to get help, Who are we?, and Support tools. A search bar is also present. The main banner features a background image of children's hands holding smartphones, with the text 'Protecting your children from abuse online'. Below this are three buttons: 'I need to report an incident', 'I'm concerned about my child', and 'I'd like to understand more about keeping my child safe'. Further down, a section titled 'Have a concern?' provides advice on staying calm and offers a 'Find out more' link. To the right, a list of helpful topics for parents and carers is shown, including 'Worried about your child and online porn?', 'Sharing pictures of your children', and 'What is online grooming?'.

THINK YOU KNOW

I would like advice on...

Home Get Advice Concerned about your child? How to get help Who are we? Support tools

Protecting your children from abuse online

I need to report an incident I'm concerned about my child I'd like to understand more about keeping my child safe

Have a concern?
It is important to stay calm and consider the steps below:

Find out more
Before doing anything, take a deep breath and try to remain calm. There's lots of information and advice on this site to help you keep your child safe and access support. Further support if you are concerned about your child.

Parents & carers have found these topics helpful:

- Worried about your child and online porn?
- Sharing pictures of your children
- What is online grooming?
